

BOOSTED BACKPACK

16/23 liters

BOOSTED

DESIGNED FOR YOU

No matter where your board takes you, key features keep you on the move during your daily commute or weekend adventure.

REMOTE POCKET

The magnetic-latch pocket makes it easy to stash and retrieve your remote.

CHARGER HOLSTER

A spot for your charger means you can top-up, on-the-go.

HELMET CARRY

Keeps your helmet securely in place.

Helmet Carry

Keep your helmet in place using the pack's magnetic closures

Messenger-style flip top for expandable capacity

Reflector / light loop

Magnetic sliding fasteners

Welded zippers

Reflective details

Remote Pocket

Magnetic closure for secure, easy access

Charger Holster

Keeps your Boosted charger in place

MADE FOR BOOSTED

BOARD CARRY SYSTEM

1. TAIL HOLSTER

Unzip the back panel from the bag and swing it open. Deploy the tail holster and slide the board's tail into place.

2. SWING BAR

To secure the board, close the swing bar over the board and push the bar under the locking pin.

3. ZIP

Close the bag over your board and zip it into the back panel.

4. Clip & Adjust

Clip the magnetic buckle together. Put the bag on and pull the load strap until the board is secure against your back.
